## Skills

Design Applications  
Languages  
Tools

Figma | Illustrator | Photoshop | InDesign | Sketch | InVision | Maya  
JavaScript | HTML | CSS | C++ | Java | ReactJS  
Github | Jira | Atom | OpenGL | Slack | Microsoft Office | Google Analytics

## Technical Experience

Jan. – June 2019  
California, USA

### **High Fidelity**

*Software Development Internship*

- Expanded the existing glTF file importer in C++ to add support for: binary and embedded glTF files, skinning and weighing of models, blendshapes, basic animations, and loading of glTF models as avatars
- Assisted Project Managers with the creation of Jira tickets in an Agile environment
- Communicated with the QA Team in order to add to the existing JavaScript test suite as new features were implemented

July – Dec. 2017  
Massachusetts, USA

### **KleerMail**

*Software Engineering Internship*

- Collaborated with the CEO and VP of Product to create demos and prototypes in Sketch, InVision, and InDesign
- Applied results from testing and feedback from clients to iteratively improve our product's design and usability
- Delivered new product features, bug fixes, and updated tests utilizing JavaScript, HTML, and CSS

## Other Experience

Feb. 2020 – Dec. 2021  
New York, USA

### **Auric Real Estate Management**

*Administrative Assistant*

- Learned systems and procedures as needed, processed data totalling hundreds of thousands of dollars, and organized client information for Senior Managers

July – Dec. 2019  
Massachusetts, USA

### **Northeastern Global Experience Office**

*Senior Ambassador*

- Managed event and presentation schedules for a team via email and Google Sheets and provided performance reviews of informational presentations

## Projects

Apr. 2020 – Present

**UI Challenges** | [raveenajain.github.io/uichallenges](https://raveenajain.github.io/uichallenges)

- Uses online prompts as inspiration for mobile and desktop based UI projects
- Learns topics related to accessibility, typography, framing, and colour through prototype research and design

Oct. – Nov. 2019

**BeeWell** | [github.com/raveenajain/BeeWell](https://github.com/raveenajain/BeeWell)

- Inspired users to take better care of themselves by tending to an avatar
- Succeeded in working with a partner to build an interactive, web-based prototype utilizing JavaScript, HTML, and CSS
- Progressed ideas from low to high fidelity designs based on feedback from user tests and evaluations
